HEART SONGS

BY

GORDON V. THOMPSON

The phenomenal success accorded the sale of Life Songs has led the author to combine five other numbers under the head of Heart Songs. Those who have heard these say that they are even better than their predecessors. Heart Songs are not so much songs of religion as of experience, and anyone, whether Jew or Gentile, will appreciate their truth. Here are the titles :

1. Upward.
2. A Song of Peace.
3. When the Clouds Have Rolled Away.
4. A Song of Home.
5. When the Angel of Death shall Call.

They touch upon such topics as success, sleeplessness, the blues, home, death---chords common to every life, and are handled in true poetical style. There is a note of optimism throughout, and the music is very appealing in its forcefulness. Their sale is sure to be tremendous.
